

A Brief History of Time **Technical Rider**

Duration

55 minutes

Audience

120

Setup time

2 hours (with one technician)

Strike time15 minutes to empty the stage
1 hour for complete strike**Minimal stage requirements**10' length
8' depth
8' height**Maximal height of the stage floor**

10 inches

Note on stage requirements

As the entire show takes place on a table, the optimal setting is a black-box or cabaret space with raked seating and a stage not higher than 10 inches.

Exterior performances

The show contains light objects and paper. It can be performed outdoors under a tent or in another location sheltered from the elements.

Théâtre du Renard brings:

- Set and accessories
- Specific sound and lighting equipment (mini soundboard, loop pedal, cables, microphone, lamps, dimmers)

The host provides**Electricity**

- 2 standard AC outlets

Sound

- PA system to connect to the mini soundboard on stage
- 1 monitor (if possible)

For bookings outside the province of Québec (Canada), please contact Company Director Antonia Leney-Granger directly to confirm technical requirements.
